### Father and 2-Year-Old Dumped In River While Shooting Rapids

By JANET ROBINSON  
FR 5-7063

Bill and Doodle Santo and their three children, Karen, aged 5; Chris, 3, and Kim, 2, have just returned from a week's vacation at Camp Wawona in Yosemite. They all enjoyed shooting the rapids on their plastic air mattresses in the Merced River. However, Bill got caught in some fast swirls and was toppled over with baby Kim. He had to do some fast work taking care of both baby and mattress.

These last three weeks have been busy ones for Dr. and Mrs. Eugene Malitz of Green Meadows. They and their houseguests, Dr. and Mrs. Herman Cohen and children Larry, aged 6, and Lynn, 3, of Philadelphia, have been on the go constantly seeing all the points of interest in and around Southern California. The Cohens expect to stay a month before they return to Pennsylvania.

Cecil Banaszynski and three sons, Lynn, aged 4; Bill, 3, and Paul, 1, returned last week from a six-week vacation in Utah. Husband and father, Dick, was able to join them the last two weeks and got in a lot of fishing at Pangutch Lake where the fish were really biting.

Cecil and the boys first went to her parents' home in Pangutch and then the boys stayed with their grandparents, Mr. and Mrs. William Lynn, while Cecil went into Salt Lake City for the General Conference at the U.D.S. Tabernacle on the Temple grounds. In Salt Lake City, she also visited her brother, Mack Lynn, for five days.

In Pangutch, Cecil helped her mother open up a new bakery and short order cafe called the Honeycomb. It is open all night so anyone traveling through can stop. Cecil's sister, Mary Hobson, and her two children from Sugar City, Idaho, also came to Pangutch for a visit while the Banaszynskis were there. It was the first time in three years since they had been together.

Stewart and Lucerne Schureman, of 4426 Green Meadows Ave., are the proud parents of their third child, a boy. His name is Bruce Gollar and he was born in the Torrance Memorial Hospital on July 9th. Bruce weighed in at 5 lbs. 15 ozs. and was 17 inches long at birth.

Ray and Janice Lee are happy to welcome back Ray's 15-year-old sister, Linda. This is Linda's second sojourn with Ray and Janice. She will be with them a year and will attend Torrance High this fall. Her permanent home is in Albuquerque, N.M.

Don and Jane Skinner, of 5519 Highgrove St., vacationed

at Warner Hot Springs guest ranch last week. It was a real vacation for them, too, for Don's mother and dad, Mr. and Mrs. Bert Skinner, stayed with the little Skinners, Robin, aged 4, and Suzan, 2. There was swimming, tennis, and horse-back riding to be enjoyed at the ranch, but the thing they most enjoyed was just relaxing!

They plan to take the girls with them next time for they have everything for children to enjoy there, too, and many of their activities are planned for family fun.

Tom and Lynn Wooldrige of Calle Mayor welcomed a second baby girl on July 10th at St. John's Hospital in Santa Monica. Lori Marie tipped the scales at 8 lbs. 2½ ozs. and was 20 inches long. She has a sister, Sherie, who is 14 months old. Her grandparents are Mr. and Mrs. Thomas G. Wooldrige of Los Angeles and Mr. and Mrs. Thomas Shaughnessy of Hermosa Beach.

Mr. and Mrs. James Carney, of 5310 Highgrove St., have a new addition to their family, too. Their baby boy was born July 2 in the Centinella Valley Hospital. His name is Kevin Paul and he weighed 6 lbs. 8 ozs. He joins a sister, Jan Marie, who is 2 years old. His grandparents are Mr. and Mrs. Raymond Pearson of Minneapolis, Minn., and Mrs. Ilma Carney of Polson, Mont.

Kay's parents, Mr. and Mrs. Theodore Elsas, are here from New York lending a hand. Before settling in Cleveland they will be joined by Steve and visit his parents in Barto, Penn. ### King's Double Bill Gets House, Senate Approval

Congressman Cecil R. King recently announced a double victory as the House of Representatives passed his bill to eliminate the 10 per cent tax on admissions costing not more than one dollar, and the Senate passed his Social Security sponsored measures to reduce the age for women to 62 and make the permanently disabled eligible at 50.

King's bill passed by the House Saturday exempts moving picture admissions costing under one dollar from the present Federal 10 per cent tax. The exemptions also apply to sporting events, concerts, and amusements generally.

**FARM AUTOS**  
Back in 1910 there were about 50,000 automobiles on U.S. farms. By 1952 the number had grown to 4,400,000.

### Riviera Sewer Easements at One-Third Mark

Installation of sewers in Hollywood Riviera Sewer District No. 2 moved closer to realization this week when the city received and accepted easements for 39 lots in the district. This represents more than one-third of the property in the district.

Still to be obtained are 65 easements, City Engineer Ronald Bishop told members of the Council Tuesday.

"Our right-of-way agent is working efficiently with the key people of the district and the homeowners in securing these," Bishop reported.

A special right-of-way agent has been employed to secure the easements with the aid of residents of the area in an effort to speed up the needed sewer project.

### Colored Plants

Pelargoniums, or Geraniums as they are commonly called, add a fine color touch to summer gardens. There are as many hybrids and varieties of the many Geranium species and you can have plants in hues of ox-blood, purple, cardinal, salmon and many others. Geraniums are easy to grow, too. See your nurseryman for a selection now.

With summer here and the children aching for that "extra treat," why not do as this smart young set are doing and join them at BBQ Pete's? Mr. Ray J. Richardson, Eleanor and little Martha Anne make dining at BBQ Pete's a family habit. Mr. Richardson is employed as a Service Analyst by North American Aviation and the attractive family reside in Hawthorne. Dad's analysis of the food must be wonderful!
